**Sara Sunstein, M.A., Registered
Advanced Instructor of Ortho-Bionomy®,**
is praised for her warmth, expertise, and
clarity. She maintains a practice in Berkeley,
helping people feel better, learn about, and
befriend their bodies.

Study groups provide a wonderful chance to delve deeper into one or two topics. Two 3-hour sessions each focusing on something you want to learn, whether a body part that's confusing for you, a certain condition a client has come in with, an aspect of Ortho-Bionomy®, ethics, client relationships, and so on. Those attending shape the content.

Suggested and requested topics:

Neck, Phase 4 pelvis, tension points review, sciatica, ribs, side-lying...And your request?

Please join us to ask questions, deepen your understanding of Ortho-Bionomy®, and support your practice.

If you're in a training program, you'll also be fulfilling seldom-offered requirements.

Please register for both study groups. If you can only attend one, consideration for such will happen after January 18.

Cancellation/refund policy: Cancellations 30 days before class are fully refundable, minus \$35 administrative fee. Cancellations 2 weeks before class are refunded deposit or 50% of full fee, whichever is less, minus \$35 administrative fee. No refunds for cancellations fewer than 2 weeks before class, except in cases of emergencies.
