**Sara Sunstein, M.A., Registered
Advanced Instructor of Ortho-Bionomy®**,
is praised for her warmth, expertise, and
clarity. She maintains a practice in Berkeley,
helping people feel better, learn about, and
befriend their bodies.

**Study groups provide a wonderful chance to delve
deeper into a few topics.**

**The morning session, Through the Phases, has come
about through many requests.** You've been studying the
Phases in separate classes, but how do you use them
together in a session?! When to use which? Why? You'll
learn and explore the answers and even more.

**The afternoon Open Forum takes shape according to
students' requests.** What would you like to learn? A body
part that's confusing for you, a certain condition a client
has, ethics concerns, client relationships? Previously
requested topics include: Neck, Phase 4 pelvis, tension
points review, sciatica, ribs, side-lying...And your request?

Please join us to ask questions, deepen your under-
standing of Ortho-Bionomy®, and support your
practice.

If you're in a training program, you'll also be
fulfilling seldom-offered requirements.

**Please register for both study groups. If you can
attend only one, consideration for such will happen
after July 3.**

Cancellation/refund policy: Cancellations 30 days before class are fully refundable, minus \$35 administrative fee.
Cancellations 2 weeks before class are refunded deposit or 50% of full fee, whichever is less, minus \$35 administrative fee.
No refunds for cancellations fewer than 2 weeks before class, except in cases of emergencies.
