****Being fully vaccinated is required, as well as wearing masks in classroom.**

Sara Sunstein, M.A., Registered Advanced Instructor of Ortho-Bionomy®, has enjoyed teaching for over 35 years and delights in seeing students "light up" as they understand new concepts. She is praised for her warmth, expertise, and clarity.

Muscles don't require stretching or prodding to relax; nor do joints or structure need force to come into balance. Ortho-Bionomy® provides an approach that's both gentle and highly effective. With subtle touch and movement, we stimulate the body's innate healing reflexes, so it remembers anew its balance and ease. Without applying force, we invite relaxation and release to happen naturally from within, feeling like "magic" to the one on the table. "How'd you do that?!" is their frequent comment. Function and flexibility increase. Peace and well-being surface as well. *Gentle for the client; easy on the practitioner's body.*

Ortho-Bionomy® provides relief for a range of concerns--from stress, tensions, headaches, and sprains, to injuries, chronic conditions, and trauma. Being gentle, it's suitable for elders and children, as well.

Who should take this class?

- Hands-on practitioners who want to work smarter and easier
- Those who want to help family members, friends, and others
- Those who want to understand the body better
- Those seeking professional hands-on bodywork training

In this 3-day seminar you will learn:

- A compassionate, affirming way to connect with another (and yourself)
- Hands-on techniques to assess, relax, release, and re-educate the body, joint by joint (spine, pelvis, ribs, shoulders, limbs)
- History, philosophy, and concepts underlying the techniques
- Ways to blend Ortho-Bionomy® with other modalities

By the end of the seminar, you will be able to put your new skills into practical use.

Cancellation/refund policy: Cancellations 30 days before class are fully refundable, minus \$35 administrative fee. Cancellations 2 weeks before class receive back deposit or 50% of full fee, whichever is less, minus \$35 administrative fee. No refunds for cancellations less than 2 weeks before class, except in cases of emergencies.
