**Sara Sunstein, M.A., Registered  
Advanced Instructor of Ortho-Bionomy®,**  
is praised for her warmth, expertise, and  
clarity. She maintains a practice in Berkeley,  
helping people feel better, learn about, and  
befriend their bodies.

It's not difficult to learn Ortho-Bionomy® techniques,  
however, **embodying Ortho-Bionomy® is what creates a  
Practitioner.** Have you learned through your months of  
training and practice how to be Ortho-Bionomy®? How to  
live Ortho-Bionomy®? What would this mean and feel like?

**We'll explore these questions** throughout the seminar via  
exercises, discussion, and sharing about challenges, moments  
of ease and flow, total confusion, and so on in our work.

**We'll also look into those nitty gritty bits of practice** like  
setting fees, record-keeping, communicating with clients, when/  
how to "fire" them, whether/how to encourage them to return,  
and working with ongoing clients. Another interesting topic is  
what to do during a session when you don't have a clue what to  
do next!

**There's also the topic of transitioning from student to  
Practitioner,** from learner to so-called authority in the eyes of  
your clients and perhaps community. What's all that about, both  
internally and externally?

### **This 16-hour class will cover:**

- What it means to embody Ortho-Bionomy® as a  
Practitioner
- Communicating with clients in difficult situations
- How to "show up" even when we don't want to
- Your additional questions and concerns

**Cancellation/refund policy:** Cancellations 30 days before class are fully refundable, minus \$35 administrative fee.  
Cancellations 2 weeks before class are refunded deposit or 50% of full fee, whichever is less, minus \$35 administrative fee.  
No refunds for cancellations fewer than 2 weeks before class, except in cases of emergencies.
